

Bienvenido(a) a Nebraska Total Care

¿Qué es la lista de medicamentos de valor añadido de Nebraska Total Care?

Los medicamentos cubiertos por Medicaid de Nebraska en la lista de medicamentos preferidos del estado se pueden encontrar en: Nebraska.fhsc.com/PDL/PDLlistings.asp. Nebraska Total Care también cubre medicamentos adicionales. Un equipo de médicos y farmacéuticos se reúne regularmente para elegir qué medicamentos deben estar en la lista de medicamentos de Nebraska Total Care. El equipo revisa los medicamentos nuevos y existentes y selecciona los que son más eficaces y seguros.

¿Cómo puedo utilizar la lista de medicamentos de valor añadido de Nebraska Total Care?

Busque su medicamento en el índice al final de este folleto. El índice enumera todos los medicamentos de la lista de medicamentos. Tanto los medicamentos de marca como los genéricos aparecen en el índice. Al lado de su medicamento, verá el número de página donde puede encontrarlo.

¿Qué ocurre si mi medicamento no está en la Lista de Medicamentos de valor añadido de Nebraska Total Care?

Si su medicamento no está en la lista de medicamentos de Nebraska Total Care, o en la Lista Estatal de Medicamentos Preferidos, llame a Servicios para Afiliados al 1-844-385-2192 (TTY 711) y pregunte si su medicamento está cubierto. Si su medicamento no está cubierto, puede solicitar a su médico que le recete un medicamento similar que esté cubierto. Si su médico considera que necesita el medicamento que no está cubierto, puede solicitarnos que hagamos una excepción.

¿Puedo ir a cualquier farmacia?

Los afiliados deben usar las farmacias que están en la red. Estas farmacias tienen un contrato con Nebraska Total Care. Para encontrar una farmacia, llame a Servicios para Afiliados al 1-844-385-2192 (TTY 711).

¿Existen límites en mi cobertura de medicamentos?

Algunos medicamentos tienen límites en la cobertura. Si un medicamento tiene límites, se indicará en la columna de requisitos/límites en la Lista de medicamentos.

¿Cómo puedo obtener una excepción a las normas de cobertura de medicamentos?

Su médico puede solicitar una excepción a nuestras normas de cobertura de medicamentos.

- Su médico puede solicitarnos que cubramos su medicamento aunque no esté en la lista de medicamentos
- Su médico puede solicitarnos que hagamos una excepción con respecto a los límites de su medicamento. Por ejemplo, si su medicamento tiene un límite de cantidad de 1 comprimido al día, su médico puede solicitarnos que cubramos más.

Para solicitar una excepción, su médico puede enviarnos por fax un formulario de autorización previa al 1-833-404-2254. Una vez que recibamos la solicitud de su médico, tomaremos nuestra decisión en el plazo de un día laborable.

¿Qué ocurre si soy un(a) nuevo(a) afiliado(a)?

Si usted es un(a) nuevo(a) afiliado(a) a nuestro plan, puede estar recibiendo medicamentos que no están en nuestra lista de medicamentos. También es posible que este medicamento no esté en la Lista de Medicamentos Preferidos del Estado. También puede estar recibiendo un medicamento que esté en nuestra lista de medicamentos, pero éste puede tener algunos límites. En estos casos, debe hablar con su médico para saber si debe cambiar a los medicamentos que cubrimos. Su médico puede solicitar una excepción para que podamos

cubrir el medicamento que ha estado recibiendo. Para obtener más información, consulte la sección “Cómo obtener una excepción a las normas de cobertura de medicamentos”.

¿Qué son los medicamentos de venta libre?

Los medicamentos de venta libre (OTC) son medicamentos que se pueden comprar sin receta. La Lista de medicamentos de valor añadido de Nebraska Total Care cubre medicamentos de venta libre que no están cubiertos por la Lista de medicamentos preferidos del Estado. Sin embargo, si usted quiere que Nebraska Total Care cubra un medicamento de venta libre en la lista de medicamentos, su médico debe escribir una receta para ese medicamento.

¿Están cubiertos los medicamentos de marca?

Su beneficio de farmacia no cubre los medicamentos de marca cuando hay medicamentos genéricos disponibles. Los medicamentos de marca pueden estar cubiertos cuando los genéricos no están disponibles. Los medicamentos de marca podrían estar cubiertos si su médico indica que el medicamento de marca es médicamente necesario.

¿Qué es un medicamento genérico?

Un medicamento genérico contiene el mismo ingrediente activo y actúa de la misma manera que el medicamento de marca. Los medicamentos genéricos deben ser seguros y eficaces.

¿Me entregará el farmacéutico un medicamento genérico si está disponible?

Sí. Las farmacias pueden suministrarle un medicamento genérico, a menos que su médico le diga que debe administrar el de marca o el preferido por el estado.

¿Existen medicamentos excluidos?

La lista de medicamentos de valor añadido de Nebraska Total Care no incluye ciertos medicamentos. Los siguientes tipos de medicamentos no están incluidos en la lista de medicamentos porque están excluidos de la cobertura:
